EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lloyd Pollard on 2/24/2010.

The application has been amended as follows:

- a. Rejoined withdrawn claims 24-26, 54-59.
 - b. Claim 18, line 6, deleted "is a panel" and inserted ---comprises a panel comprising stacked sheets---.
 - c. Claim 18, line 9, after the phrase (reforming channels) inserted ---between respective pairs of adjacent sheets, the reforming channels being---, after the word "reform" inserted ---hydrocarbon and---.
 - d. Claim 54, line 1, after the number (18) inserted ---,---; and deleted "each of the reformer and"; in line 2, after (the vaporizer) inserted ---and the stacked sheets of the reformer each--- ; before (thin sheets) inserted ---integrally bonded-- ; after (thin sheets) deleted "integrally bonded"; last line, before (flow paths) inserted ---respective---.
2. The following is an examiner's statement of reasons for allowance: It is well known in the closest prior art of record to have a stack of alternating sheets or plates of reforming and heating channels; however, the prior art does not teach the dimensions of

the stack relative to the dimensions of the plates in combination with the dimension of the reforming channels relative to the dimension of the heating channels, as claimed. Hence, the stack of sheets having front and back faces where the heating channels extend between thereof; such that the length (L) and width (W) of each face is greater than the distance between the faces (T) and such that the length (L) of the heating channels is shorter than the length of the reforming channels (L); this combination is neither present nor obvious in the cited prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KAITLY V. HANDAL whose telephone number is (571)272-8520. The examiner can normally be reached on M-F 8-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Alexa Neckel can be reached on (571) 272-1446. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
